#MUSIC4ALL

The Song School is on a mission to create communities for music making, accessible to everyone regardless of circumstances. A major barrier for some young people is the financial burden of learning an instrument: from lessons, to the instrument purchase and upkeep, music is the most expensive extracurricular activity, yet cited as the one with the most benefits including **enhanced confidence, self-esteem, improved academic aspirations and mental wellbeing, and extended social networks through a shared interest.**

The Song School creates class based music making activities that are either more affordable than traditional routes or free for those who qualify, meaning those who wouldn't ordinarily be able to, can join our community. We have built a community for young people that means so much more to many of them than learning music. For some it is a lifeline, an opportunity to widen their social networks, improve their self-esteem and feel part of a community, supporting their mental wellbeing.

ONLINE FUNDRAISING

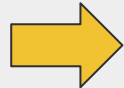

The simplest way to ask friends, family or colleagues for sponsorship is to set up an online fundraising page. Here's how to do this;

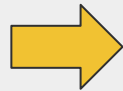

If you haven't already, email us on olly@thesongschool.co.uk to get your personal fundraising page

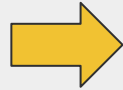

Follow the online instructions to set up your page

Choose your fundraising target (see the 'how you can help' page for guidance)

Tell people why you are raising money for The Song School and why

Once your page is set up, email/WhatsApp the link to friends, family, etc.. and share it across social media

You can also use our sponsorship form to collect offline donations. You are welcome to bring in any monies collected to The Song School for us to bank. Alternatively, you can bank the money yourself, then make an online donation through your fundraising page.
